

MAXIMIZE YOUR MORTGAGE

Begin with a low, fixed rate, and then adjust upward or downward after initial fixed term with this special **MAX MORTGAGE** Adjustable Rate Home Loan

IS IT FOR YOU?

The Max Mortgage loans are ideal if you need a larger loan amount but want to keep your payments lower initially. An ARM may also be a good choice if in ten years ahead, you expect your income to increase or plan to move or refinance before the rate adjusts.

HOW IT WORKS

ARMs contain two numbers, the first refers to the number of years the interest rate at closing remains fixed; the second is the number of years in between interest rate changes after the initial fixed term expires. This MAX MORTGAGE contains a special option, allowing the borrower, one month prior to rate adjustment, the choice to lock into the rate for the second five years.

LOANS AVAILABLE FOR UP TO 90% OF THE PROPERTY'S VALUE

AFFCU membership required. Some restrictions apply.
